

Spiritual Gifts Summary Sheet

COACH:

Use this summary to get an overview of all the assessee's Spiritual Gifts results. If you did not use all the assessment tools, record the ones you did use. Based on the amount of times a gift has been identified and those gifts with the highest scores, make an overall determination of what you believe the assessee's top three spiritual gifts are. Indicate them in the far right column.

Discuss your conclusions with the assessee and reach agreement about his or her top three Spiritual Gifts. Once you are in agreement on their top three Spiritual Gifts, transfer your conclusions to the assessee's Servant Profile.
